Program Descriptions

VARIETY PROGRAMS

Navigation by Map and Compass
1 pm, Meets at General Store
Learn basic map and compass skills during this 1.5 mile hike. Children must be accompanied by an adult.

Storytime with a Ranger
3 pm, Lodge Auditorium
Join a Ranger for a telling of *the Lorax*, Dr. Seuss' classic tale of conservation!

Animal Tracks
1:30, Visitor Center Patio
Get to know many of the critters who make Bryce Canyon home... by the tracks they leave behind.

Bryce Canyon Tweets
2:30, Visitor Center Patio
Get to know many of Bryce's feathered denizens by their various songs and calls.

Bristlecone Hike
*Tickets required, available at Visitor Center
On this hike, explore the ways in which the National Park Service manages for a healthy forest ecosystem.

National Parks Bingo
2pm, High Plateaus Institute
Learn about the establishment of National Parks while playing a friendly game of Bingo!

EVENING PROGRAMS

Etchings in Stone: Stories of Canyons and their Formations
From the Grand Canyon to the Bryce Amphitheater, join us on this virtual exploration of the desert southwest.

Persistence in the Face of Resistance: The Story of Reed Smoot
Meet the man whose perseverance led to the preservation of many of our public lands.

Hoodoo Songs
From the canyons, to the critters, to the stars; come explore the soundscape of Bryce Canyon, and learn how deep listening can add dimension and creativity to your experience of the natural world.

Giants of the Utah Coast
Tour the ancient coast of the Western Interior Seaway, and meet some of the bizarre and terrifying creatures who called it home!

ASTRONOMY PROGRAMS

Billions of Planets out there! When do we Move?
The discovery of exoplanets. The possibility of interstellar travel. Unique events in earth's long history that have made it our magnificent home. Join us in the exploration.

Perseid Meteor Shower
Join us as we celebrate the most active meteor shower of the year! In addition to the 8:30 amphitheater program, guided viewing opportunities will be provided in the pre-dawn hours. Please inquire at the Visitor Center for times and locations.

Pale Blue Dot
The night sky has inspired us in countless ways since the dawn of humankind. Join us to experience many of the celestial wonders which we have marveled upon us as long as we have been looking up.

As Above, So Below
Accompany us in an exploration of our ecosystem... an ecosystem which extends far beyond the earth.

Seeing the Solar System
From eyes alone to telescopes, spacecraft, and Martian Rovers, join us on a Journey through the solar system. Learn about how we see, what we see, and the fantastic discoveries we've made as we've explored our cosmic neighborhood.

***Please note that programs are subject to change.**

Inquire at the Visitor Center for the most updated program information.
